

Fold Paper in half diagonally, repeat on opposite side

Rotate 90 degrees and fold in half along opposite diagonal

Fold in half on right sides, rotate 90 degrees and fold in half again

Cut slits along each of the straight folds, a little less than halfway to the center

Fold the corners in, lining them up carefully with the diagonal fold

It will look like this when all sides are folded in

Overlap the flaps, using Tombow Glue or double sided adhesive

Repeat, use Tombow Glue to attach the two halves.
