I have a video on how I assembled my mini album here--> <https://youtu.be/ISzD1Ot25ig>

Instructions

Cut all pieces per measurements listed above using your desired cardstock and designer series paper. Once you have embellished your front, inside and inside bottom pieces of cardstock you are ready to assemble. Add Multipurpose Liquid Glue to the top cover panel and adhere to the Rectangle Tin.

Add Tear & Tape to the two 3/8” x 12” strips of DSP, and adhere to the sides of the Rectangle Tin.

Next, adhere the embellished inside panel with Multipurpose Liquid Glue.

Create your Mini Album Insert and embellishment. Use the Trio Punch to corner round all the edges.

Using the two 4” pieces of ribbon, add Tear & Tape to both ends, top and bottom.

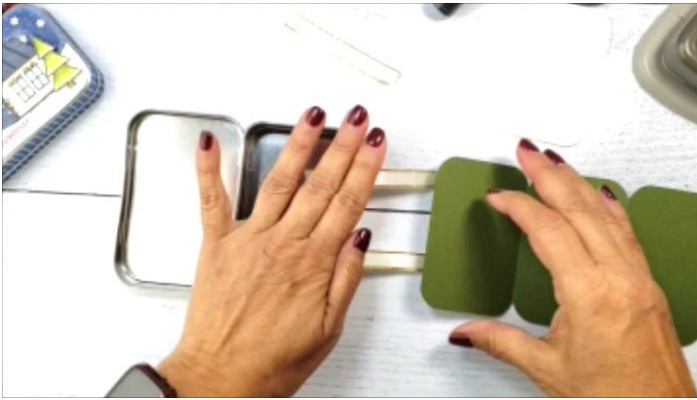

My video corrupted after I shared this piece of the project, so I had to recreate this portion of the video again, that is why you will see different ribbon, etc. for the rest of the video.

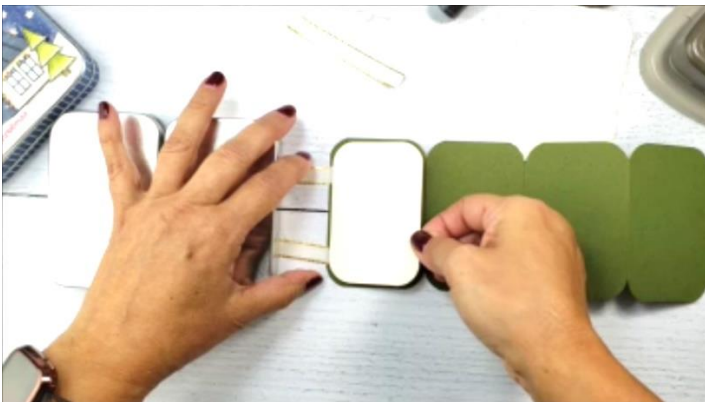

Remove the adhesive backing from the 4" ribbon piece and adhere to the inside of your tin as shown below.

Remove the backing from the other side of the ribbon, lay your mini album insert over the top of the ribbon.

Flip the tin and mini album insert over, remove the backing from the ribbon and adhered a piece of cardstock over the ribbon to hide where it is attached.

How to create the end loop, use the 3" ribbon, adhere Tear & Tape, fold over, and adhere to the end of the mini album insert.

Adhere the layer piece of cardstock over top of the ribbon loop.

Adhere the layers and embellishments to your mini album insert. Remember, you probably don't want to add too many embellishments as it may create your tin not close appropriately. Enjoy creating your own Rectangle Tin Mini Albums.
