Instructions

Begin by cutting and scoring all your cardstock pieces per the measurements listed above. First burnish all the score lines with your Bone Folder

Adhere the piece of DSP over the cardstock as shown in the photo below.

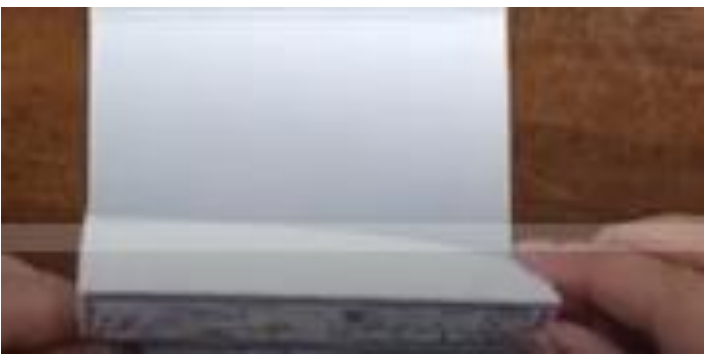

Adhere the small panels to the 1" score area of the cardbase, remember to "skip" the very first score line.

Add your adhesive to the very top panel as shown on the photo below.

Fold the first panel down and adhere as shown below and burnish well.

You can now see how the square is create for the front of our easel card.

Add adhesive to the very top panel as shown below.

Adhere the front panel to the front piece as shown below.

Adhere the 2 1/8 x 4 1/8 panel to the center of your project.

Next, add the back panel to the back of the card. 2 1/8" x 4 1/8" layer piece.

Adhere the sentiment to the front of your card

Embellish the front of your card, I used the Hippo & Friends Dies which are retiring in May 2022 for my frame and then stamped and cut out the flower below from the Hand-Penned Bundle. I added Stampin Dimensionals to the back and my flower, then to the back of my frame.

I added some ribbon to my card front before I added my stamped flower.

And you are done. I hope you will create your own and send it to someone you love!

Here are a few more sample for you.

Here is how it looks ready to place in an envelope.

Thank you for visiting me today, and hopefully you'll be back to visit soon!
